

## SPECIAL SERVICES PROVIDED BY VIETNAMESE BLIND ASSOCIATION (VBA)

It is estimated that there are about 2 million visually impaired people in Vietnam, many of whom have become role models for their energy, passion and contributions to the society. The state financial support for people with disabilities is unfortunately very rare in our country; massage gives blind people a highly valued and specialized role in society, and provides them with the means to make a living.

We at Famiana Resort & Spa Phu Quoc have partnered with these dedicated and gifted individuals. We are proud to put them in a position where they are responsible for the comfort of our guests and trust that they will deliver you an unforgettable experience.

• <b>Body Massage</b>	60'/90'	580,000/850,000
• <b>Foot Massage</b>	30'/60'	380,000/580,000
• <b>Stomach Massage (fat burning)</b>	30'	380,000
• <b>Head &amp; Shouder Massage</b>	30'	380,000

"We like to be judged by our abilities and not our disability. We want to be treated as an equal — We are a sister, brother, friend, so why should we be any different because of our disability?"

### NOTE:

- The services provided by VBA may contain the use of traditional Vietnamese medical products, such as pain relief ointments and fat burning lotions. Please let us know in advance if you would like to avoid or test these products prior to the treatment.
- The listed price is final for services provided by VBA.
