THERMAL IMMERSION

Thermal immersion promotes relaxation, improves breathing, cleanses the body and enhance the benefits of spa treatments. When using the thermal bathing facilities, for the comfort of all our guests we request to reserve in advance. Thermal bathing is not recommended to pregnant guests, and all appointments are offered subject to availability. To make the best of our thermal suite please refer to the following guide.

Sensation Showers: A selection of three water experiences with differing temperatures, such as bucket shower, waterfall, spray mist shower designed to refresh the mind and body

Aroma Steam Bath: Aromatically infused steam to slowly heat and refresh the body. Breathing is eased and your lymphatic system is cleansed, resulting in a glowing skin tone.

Sauna Bath: A relaxing and invigorating dry heat that has a purifying effect on the body. The immune system is boosted as everyday stresses are relieved. The herbal aromas clear the sinuses

Ice Fountain: Cool down between the various hot temperatures of the thermal bath by applying crushed ice all over your body. The contrast of temperatures will boost your circulation and help close pores after each heat experience. A cooling option to stimulate and revitalize the whole body and mind.
